Wizard InfoSolutions Private Limited is a company in Software and Website Solutions under Impeccable Group.

Wizard InfoSolutions providing a concept of “*Earn while you learn*” for the students of the different engineering and management institutes with **Wizard@Campus** solution, first time in the industry.

Wizard Team will be selecting candidates in the institutes and make the team within the institute from different streams to work in real environment. Our team will guide those teams to get client requirements in real market and those requirements will be fulfilled by the teams of institutes under the guidelines of the Wizard Team.

Teams will be doing marketing of services and products, HR team will manage the manpower and the clients, finance team will be managing the collections by the team members and distribution of that collection among the team members, IT team will be developing the IT solutions as per the market needs.

Total revenue generated by teams will be divided in three segments

- 50% for the team of students
- 25% to the institutes
- 25% to the Wizard InfoSolutions

The institute will provide the candidates and infrastructure required to develop the products and services and finally deliver them. Wizard InfoSolutions will provide the support for training the selected students and get the work done. Wizard will provide the experience certificate for the students for that period.

The students will getting the *live experience* and *stipend* along the *free training support* and *experience letter* that will help them in better placements. *No money has to be spend by the institute or the candidates.*

Best candidates can be absorbed by the Impeccable Group of Companies after the interview.

Teams will be managed online though our portal [www.wizardinfosolutions.co.in](http://www.wizardinfosolutions.co.in) by keeping track of activities and progress for defined period.
